

Kiewit Internships 2023 / 2025 Apply Now

Description

Kiewit Internships offer dynamic and hands-on opportunities for students and recent graduates to gain valuable experience within one of the most respected and influential companies in the construction and engineering industry. As a Kiewit Intern, you will be immersed in a supportive and challenging work environment that encourages personal and professional growth.

Responsibilities

- **Project Involvement:** Collaborate with experienced professionals on real-world projects in various stages of development, from planning to execution.
- **Learning and Development:** Participate in a structured learning program that includes mentorship, workshops, and training sessions designed to enhance your skills and knowledge.
- **Hands-On Experience:** Contribute to the success of construction and engineering projects through tasks that may include site visits, data analysis, design work, and project coordination.
- **Teamwork:** Work closely with cross-functional teams to solve complex challenges, communicate effectively, and develop your problem-solving abilities.
- **Innovation:** Contribute fresh ideas and innovative solutions to drive continuous improvement and efficiency in project execution.
- **Safety:** Prioritize safety in all aspects of your work, ensuring that you and your colleagues operate in a safe and hazard-free environment.

Qualifications

- Enrolled in a relevant degree program or recent graduate in fields such as civil engineering, mechanical engineering, construction management, or related disciplines.
- Strong academic performance and a genuine interest in the construction and engineering industry.
- Excellent communication and teamwork skills.
- A proactive and problem-solving mindset.
- Ability to adapt and thrive in a fast-paced and challenging work environment.

Job Benefits

- Competitive compensation.
- Exposure to diverse projects and industries.
- Mentorship and guidance from experienced professionals.
- Opportunities for growth and potential full-time employment.
- A supportive and inclusive company culture.
- The chance to make a meaningful impact in the construction and engineering field.

- **Visit the Kiewit Careers Website:** Start by visiting the official Kiewit Careers website. You can typically find internship opportunities in the “Students & Graduates” or “Internships & Co-Ops” section of their website.
- **Search for Internship Opportunities:** Use the search or job listings feature on the website to find specific internship opportunities that match your field of study or career interests.
- **Select an Internship Posting:** Click on the internship position that you are interested in to view the job details, requirements, and application instructions.
- **Create an Account:** You may need to create an account or log in if you already have one. This account will be used to manage your application.
- **Submit Your Application:** Follow the online application process, which typically includes uploading your resume, providing your educational background, and answering specific questions related to the internship position. Ensure that you complete all required fields accurately.
- **Attach Supporting Documents:** You may be asked to upload other documents, such as a cover letter, references, or a transcript. Be prepared to have these documents ready for submission.
- **Review and Confirm:** Carefully review your application to ensure that all information is accurate and complete. Once you are satisfied, submit your application.
- **Application Follow-Up:** After you have submitted your application, you may receive a confirmation email or notification. Keep an eye on your email for further instructions or updates regarding your application status.
- **Prepare for Interviews:** If your application is successful, you may be invited for an interview. Be ready to discuss your qualifications, experiences, and interest in the internship position.
- **Follow Up:** If you haven’t heard back within a reasonable timeframe, consider following up with the Kiewit HR department to express your continued interest and inquire about the status of your application.
